PROPOSAL FOR AMENDMENT; NOT SUBMITTED FOR FILING

This paper is being transmitted by FAX to Examiner Gregory J. Strimbu, Art Unit 3634 for the purpose of requesting a telephone conference regarding an outstanding Office Action to which a response is due 31 August 2007. It is understood that the Examiner will return to his office on 15 August 2007, a "call-back" message was left on his telephone message recorder, and it is hoped that the following will serve to point out Counsel's confusion regarding how to respond.

An amended Abstract appears on a separate sheet, underlined. It corresponds to the shortened Abstract that eventually was published in the International application.

It is understood from Note 4. E. Other on the Office Action dated 07/31/2007 that the amendments filed 8/1/2006, 11/16/2006, 2/12/2007, and 5/29/2007 have not been entered, since they are held non-compliant; quoting from the Office Action 7/31/2007: "As an example, the word "integrally" on line 2, claim 1 as amended 6/29/07 has not been underlined *even though "integrally" does not appear on line 2 of claim 1 as presented 1/22/04.*"
